Dear Tom,

Thank you for your letter.

In this letter you ask me about my town. Well, I like my town very much and enjoy living in it, because it is very easy and nice. I can do a lot of things there. In my spare time I and my mum usually go to the park, walk and play there. Then we go to the famous cafe near the park and eat the best cake.

I forgot to walk my dog, so I go out. I wait of the letter from you.

(with the best wishes) Love,
Anastasia

Dear Tom,

Sorry I don't write you, because I was very busy with preparations for my exams.

In your letter you ask me about my town.

Well, I live in small town. It's very clean and beautiful. The people are friendly. If I have free time, I like to walk in parks. They're very nice. And the weather is very good. It's warm and sunny.

I have to go now. It is time to do my homework.

Write soon.

All the best.

Do you like horror games and always wanted to take a part in plot progression? If you do, you probably will like a video game called 'The walking dead'. The events starts when unknown virus attacked mankind and dead or injured people turns into living deads. You play for man called Lee and only you can decide how the plot will change. Graphics in the game is unique. Characters are drawn as if they were in the comix book. Their behavior is unpredictable and realistic. The most interesting part is that you'll have to raise and take care of little girl in the new world, where everybody is forgetting about the fact that they are humans and will do everything to stay not bitten.

I think that the game is so majestic so I will give it ten of ten. Probably, many teens will like it because of its plot and full-of-blood moments, perfect characters and orchestra music ^{playing} on the background.

Task 1

For questions 1-7, read the text and write the correct form of the word in CAPITALS to complete the gaps. Write the answers on your answer sheet.

Animal Helpers

Animals can be pets, but they can also be much more. Ever since dogs first

(1) were joined humans on the hunt, animals have worked with people. JOIN

Dogs, of course, work with people in different ways, such as

(2) controlling sheep on farms.

CONTROL

They (3) were trained to help blind people find their way around.

TRAIN

There are (4) a lot of other animals that help people, including horses,

LOT

camels and elephants. In the past, horses were an important means of transport in Europe and (5) _____ both people and goods.

CARRY

Cars soon replaced horses for most jobs because they could go faster and (6) faster.

In Asia today, as in the past, elephants (7) are used to transport heavy loads in areas where cars cannot go.

Task 2

For questions 8-15, read the text below and decide which answer A, B, C or D best fits each space.

On the other hand?

We left-handed people lack collective pride. We just try to get by, in our clumsy way. We make (8) some demands and we avoid a fuss. I used to say whenever someone watched me sign my name and remarked that he or she was also left-handed: "You and me and Leonardo da Vinci!" That was a weak joke, (9) _____ it contained my often unconscious desire to belong to *Left Pride*, a social movement that (10) so far doesn't exist but I hope may one day come. There are many false stories about the left-handed (11) in circulation: for example, a few decades ago someone wrote that Picasso was left-handed, and others kept repeating it, but the proof is all (12) on the contrary. The great genius Einstein is often still claimed as one of ours, also (13) with proof. And sadly there is also no truth in the myth that the left-handed tend to be smarter and more creative.

(14) _____ the amount of research that has been carried out, researchers in the field still find it hard to decide precisely what we mean by left-handed. Apparently a third of those who write with their left hand throw a ball with their right. (15) _____, those using their right hand for writing rarely throw with their left. A difficult skill that becomes crucial at a most impressionable age, writing defines what you will

Dear Friends, I would like to tell you about the most amazing and interesting video game in the world!

There is many students who likes video games in our school, I sure. So, I want to show you 'The Sims'. It is life simulator. You can make your own characters, choose their fates, build their homes. During your play you will listen to pleasure music. Such as: pop, rock, alternative, classic etc. Graphics are beautiful, you can see all details. I am sure you will enjoy this game because you can describe your dream, make beautiful, pretty or not people, controll all parts of their lives. It is common knowledge that nowadays all people are hard-working, so you can rest and take pleasure in 'The Sims'!
